

Ignite Evolve 50 | 60 | 74 | 100

Built-In

Shown with oak log set

The new Ignite Evolve is an elegant and stylish electric fire featuring edge to edge glass, which offers a flawless panoramic view of the flickering flames. With its slim design of just 147mm, it seamlessly blends into modern and traditional spaces making it the perfect choice for building into a media wall.

Available in various sizes; 50", 60", 74" & 100" there is a model to suit all applications. Enjoy comfort without compromise with the stunning flames, media bed and driftwood logs working together to create a beautiful authentic fire experience. The Ignite Evolve comes with the patented ComfortSaver technology which reduces energy usage while keeping the room temperature stable.

Offering the ultimate in customisable design, you can choose the flame speed and brightness, colour of flames and media bed to create a bespoke centrepiece to your suit your home and mood. For the utmost in realism, the Evolve Ignite offers an alternative oak log set which will enhance your overall flame experience by creating a warm and cosy ambience.

- **Slim design** – with a depth of just 147mm, it perfectly blends into any type of installation.
- **Edge to edge glass** – offers a flawless panoramic view of the flickering flames.
- **Patented ComfortSaver technology** – energy efficient heater offering up to 11% saving on energy costs
- **Flame Connect App** – change the fire experience to your liking all by the touch of a button.
- **Fully customisable** – allowing you to select flame and media bed colour, brightness and flame speed to your preference.
- **Oak log set** – for the utmost in realism, there is an option of an oak log set which is available as an accessory.
